

# Welcome to the **Ready to Ride!** Simulator

The racing simulator is a mechanical horse synchronized to move with jockey cam videos. The simulator will enable our visitors to mount up and experience a jockey's point of view. There are three levels of difficulty: Warm Up, Apprentice, and Jockey.

We provide a unique experience that will allow the rider to appreciate a few of the qualities required to be a jockey. However, the ride is physically demanding and is not suitable for everyone.

## **In order to use the simulator a visitor must:**

- Sign a release.
- Buy a ticket (\$5.00 with a paid museum admission - members ride free)
- Be at least 48 inches tall.
- Demonstrate the ability to mount the non-motorized Equicizer.
- Wear appropriate clothing - no open-toed shoes are allowed.

## **Visitors should not ride if they:**

- Have a back, neck, or bone condition.
- Are pregnant.
- Have had recent surgery or illness.
- Have heart trouble.
- Have high blood pressure.
